

# OWNERS MANUAL (BASSOLA10)

Thank you very much for purchasing a BASSOLA10 Bass Guitar Amplifier.  
All of these controls are designed to give the widest variety of tones practice with,  
including an amplifier stack.  
Please read this instruction manual carefully before turning your BASSOLA10 on.

## FRONT PANEL

### A. INPUT

Guitar input jack.

### B. MASTER

Controls the overall volume level of the amplifier.

### C. TREBLE

Controls the high / treble frequency.

### D. MIDDLE

Controls the middle frequency.

### F. PRESENCE

Super High Tone Range level control. Produce higher range than TREBLE and controls super high tone which is very important for distortion sound.

### G. HEADPHONE

The connection of headphone mutes the internal speaker for private practices.

### H. POWER

Turn the Amplifier on or off.
